Notes from Our Director

We've kicked off our touring season this year with a bang. Pat Tyler led us on our first mystery tour to LaGrange, Georgia, and a visit to the beautiful Hills and Dales Estate. For those that have not visited this venue, I would strongly suggest a visit. Our group enjoyed the day and the surrounding gardens. Many thanks to Pat for putting this on. Don't be surprised if we have another mystery tour soon.

We also had a delightful tour to Savannah with eleven cars and 26 members/visitors participating. We spent our first day touring the sights and sounds of Savannah. The following day we visited the Richmond Hill Historical Society Museum where we were entertained and educated on Henry Ford's community experiment at Richmond Hill. Like everything Henry touched, he left a lasting legacy for the citizens of this once impoverished area of Georgia.

Henry Ford also owned and restored Fort McAllister, the last fort to fall on Sherman's March to the Sea. We were allowed to drive our cars onto the grounds of the Fort and enjoyed a private tour and arms demonstration.

We finished off our tour with a delicious seafood dinner at Love's Seafood Restaurant. After dinner we all enjoyed the beautiful sunset as we said goodbye to our Savannah visit. If you missed this one, you missed something special. Congratulations to Pat Tyler for receiving the Broken Chicken Award. Come on out on our next tour to find out all about this "prestigious" award.

Next we will have an Easter Parade in Avondale on April 1st and a one-day tour to the Monastery in Covington. Look for details in this newsletter.

We are all excited about the coming summer months and more interesting tours ahead. So, come on out.

We will be starting out Thursday Ice Cream Nights soon, so look out for the kick-off to this year's calorie laden fun.

Get those cars read, we're going to have some fun!

See you down the road,

-Jim

MYSTERY TOUR RECAP

LaGrange and Hills & Dales

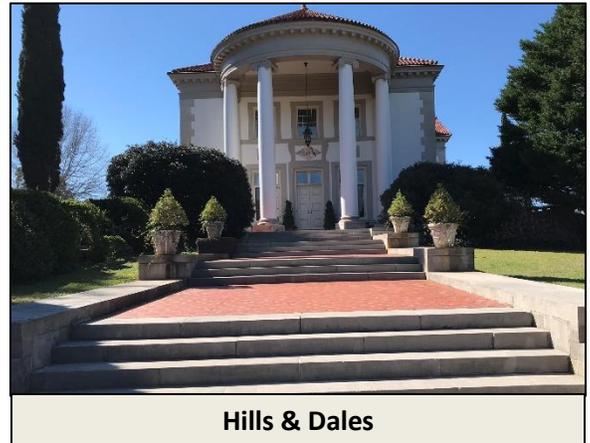

(Thanks to Jim Wingo for contributing photos)

Well, it's no MYSTERY that our first "Mystery Tour" was a rousing success! A grand time was had by all, from the picturesque drive from Sharpsburg to LaGrange for a nice Southern lunch buffet, to a really terrific tour of Hills & Dales, the impressive Callaway home near LaGrange College.

Thanks go to Pat Tyler for organizing the outing that resulted in a full day of fun. We managed to keep the destination a mystery pretty well...but the next one will be kept in deep hiding until that very day.

Jim Wingo led us down to LaGrange on a perfectly beautiful day, showing quite a lot of Spring green along the way. We met up with Pat and several other members and guests, for the last leg of the drive into the square for lunch. Everyone did what the club does best, and that's to eat heartily and share warm camaraderie.

Hills & Dales

On we went to Hills & Dales where we were able to have a fun photo shoot in front of the stately Visitor Center. Leaving the cars on display while we had our tour no doubt delighted other patrons to the venue.

Members' cars outside Visitor's Center

The Callaway home, completed in 1916, replaced the home of Sarah Ferrell, the first developer of the extensive gardens, and her

husband. Young Mr. Fuller Callaway visited the gardens, as the gate was open to all who wished to explore, and he declared to Miss Sarah that he would purchase the property some day; and indeed he did, in 1911. The new home was built to complement the gardens, and Fuller's wife, Ida Cason Callaway cared for and expanded them.

Unique to this home among most historic places is the fact that nothing is roped off, we could go into every room, and consequently got

Charlie Biggs, Pat Tyler, Gwyneth Shotwell & Fred Huey on the tram.

a true sense of what it was like to live and raise a family here. It was a very welcoming atmosphere to be sure. And the Callawa Foundation has been an ongoing benefactor to multiple projects in LaGrange, a city they loved dearly. Their goal was, and is, to "do good."

A return scenic drive was the perfect end to an enjoyable "Mystery Tour."

Highlights of March Board Mtg.

March 14, 2018, Partners Pizza, Braelin Village, Peachtree City

Meeting called to order by Jim Wingo. Previous minutes accepted.

Board members present: Jim Wingo, Cheryl Simpson, Pat Tyler, Gwyneth Shotwell, Tom Romine.

Also attending: Dick Carne, Ray Besch, Mike Shotwell, Bob Simpson.

Treasurer's Report by Cheryl Simpson – See box below.

Cheryl also shared a letter from the Modesto A's, requesting donations of raffle items for the National Meet in Reno, taking place this summer. First-time request. Some discussion by the board, but no action taken.

Membership: Jim Johnston not present. However, Cheryl reported that we have new members, the Andersons and Gambles. She also reported that the last couple of members who have not paid dues are being checked on by Jim.

Newsletter Editor: Gwyneth Shotwell noted that Jim Wingo has made contact with Snyder's as a new advertiser, however, the artwork has not been received yet. Jim will follow up.

Technical Chair – Tom Romine: Discussion regarding next club tech meet. Tentative date set of May 26 at Tom's garage. Tentative subject: Carburetors.

Activities Chair – Dick Carne: Discussion regarding a Planning Meeting to schedule the

second half of the year. Date set for May 11 at Dick's home, 2:00 PM.

Dick shared an invitation from John Maloney from Georgia MAFCA for his annual "Farm Day," April 27.

Mystery Tour recap: Consensus was that the tour was very successful and fun. Pat made the suggestion that for future Mystery Tours the approximate cost be included in the invitation, so that there are no monetary surprises. Also, Jim put information about our tour on the MAFCA Facebook page and the editor of The Restorer contacted him about putting some photos in the next issue of the magazine. They will be included in the "Out and About with your Model A."

New Business: Jim Wingo led a discussion on the idea of the Board having an annual tour, planned and handled by members of the Board. The idea will be explored further, but it met with positive responses. Ray Besch offered the suggestion that an outline of tour organization tips be developed as an aid in reaching out to potential involvement by club members in leading tours.

Meeting adjourned at 1:30.

Next meeting – April 20, 12 Noon, at Partner's Braelinn in Peachtree City.

AVONDALE EASTER PARADE

Sunday, April 1, 2018

Come with us as we join other vintage car clubs in the annual Avondale Estates Easter Parade, on Sunday, April 1. We will caravan together out of Palmetto, and gather at the Twin Oaks Shopping Plaza at 1:30, where we can meet new car friends, grab a bite to eat at one of the small eateries, and then parade through the neighborhood.

You may softly lob candies to the children along the route, and then we will finish the parade at the park where there will be light refreshments, and a chance to let the spectators see our cars up close.

MEET: Ramah Baptist Church parking lot, 502 Ramah Dr. (and Hwy 29), Palmetto, GA 30268

TIME: 12:15 for a 12:30 departure. Remember to have the usual empty and full tanks. The drive will take about an hour.

RSVP: To let us know if you're in the caravan from Palmetto. We don't want to leave you behind!

This is sure to be a very interesting and uplifting tour in beautiful surroundings, practically in our own backyard.

Monthly Member Photos: This month we begin a new feature that will showcase our wonderful members and their cars! (And don't worry if you don't own a Model A . . . we'll feature you as well)

Tom and Betty Miller: Tom and Betty's love of Model A's actually began in high school. Tom had a Model A truck, which was notable for being the car that Betty learned to drive in.

Later came a blindback, and later still came marriage and a baby. Well, reality arrived with daughter Laura, and it was time to take a pause from the old car hobby.

Fast forward and we find our intrepid couple becoming the proud owners of Daisy, their 1930 Fordor.

They know her pedigree back to the beginning: Purchased new, the car was driven by the owner until his death during WWII. The wife continued to drive the car regularly until the battery died, at which time, in 1948, she switched to a Studebaker and put the Model A in the garage, where it sat for several decades.

Tom's cousin ended up with it after helping the descendants sell the original family's cars, and having to curb his own old car habit a bit, brought Daisy to Tom and Betty. Within one day Tom had her running, and they've never looked back. And we all know how much they love touring near and far, and sharing this survivor with folks wherever they go, which has added up to 54,000 miles. Wow!

SAVANNAH & RICHMOND HILL

By Jim Wingo

Three cars set off Thursday March 22 to Savannah; meeting two more cars in Monticello we drove 250 miles without any issues. Six cars trailered to the hotel giving us a total of eleven cars and 26 members and guests.

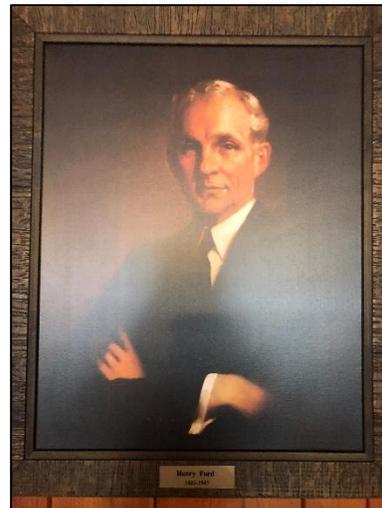

Friday, we began our day by driving into Savannah and parking on the Savannah River front. Everyone was on their own from this point and some people decided to visit Tybee Island after a short visit to the city. Most people enjoyed the day visiting various Savannah Squares and the city market.

Teri Besch actually ran into Forest Gump! The weather was perfect and each of us brought back plenty memories from our one day visit to this historic city.

Saturday we started our day by visiting the Richmond Hill Historical Society and Museum. There we learned about the impact of Henry Ford on this once impoverished area of coastal Georgia known as Bryan Neck. At the time of his arrival the population there was about 830 uneducated sick people. By the time he left the population had grown, disease was eliminated or brought under control and schools became a way of life. Henry did all this at a loss, though he did want to make money he never did.

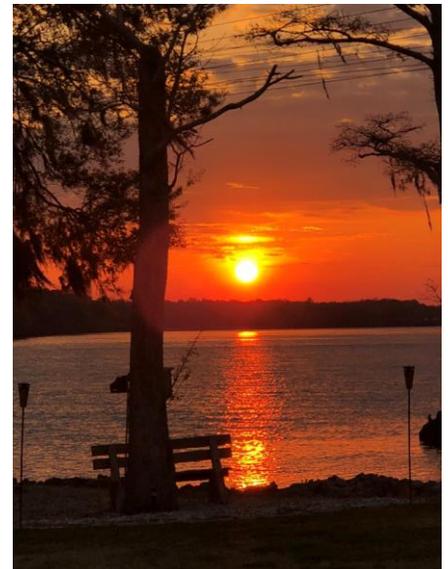

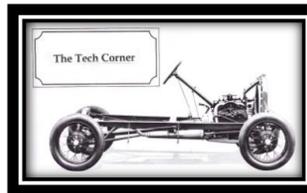

Following our visit to the Historical Society, we visited another Henry Ford preservation project, Fort McAllister State Park. Fort McAllister was the last roadblock to Sherman's march to Savannah. Our group was allowed to drive our cars onto the grounds of the Fort and enjoy a private tour lead by a park ranger in period dress.

Henry Ford saved this treasure for posterity and we are very grateful for this history restored.

The tour was topped off with a fine dinner a Love's Seafood Restaurant. Our cars were put on display in front of the restaurant while we dined. We were seated in the banquet room with a view. Pat Tyler presented the mileage awards for last year. Our dinner was topped off with a spectacular sunset that evening.

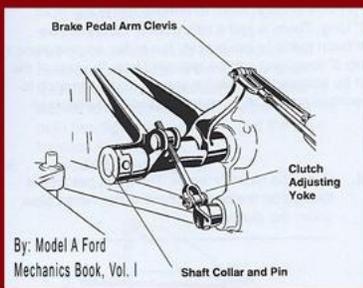

The Tech Corner

Jim's technical tip for March, 2018
by Jim Cannon, MAFCA Technical Director

Clutch Pedal "Free Play"

You don't want to drive your car without any free movement or play in the clutch pedal before it starts to disengage the clutch. The clutch pedal must have at least 1" free movement or play at all times. As the clutch facings wear, this play gradually becomes less, and, if not adjusted back out, will result in clutch slippage and a burned out clutch.

The free play is adjusted by removing the clevis pin on the clutch actuating arm, below the clutch pedal. Screw the clevis rod out to increase pedal movement, to compensate for wear. Replace clevis pin and cotter pin.

Make checking the clutch pedal clearance and adjustment (when needed) a part of your routine maintenance checklist, and Have a Model A Day!

MAFFI News

Order your bricks today!

Dear Model A Friends and Supporters of the Museum,

We will be ordering bricks at the end of May for installation at the museum before 2018 Model A Day. If you have been thinking about ordering a brick 'In Memory' or 'In Honor' of someone near and dear to you, or if your club/region doesn't have a brick at the museum with its name on it, now would be a great time to do it. Each brick is \$150 and the form can be found at www.maffi.org. **Our website has changed and the brick order form can be found under the tab "Store"**.

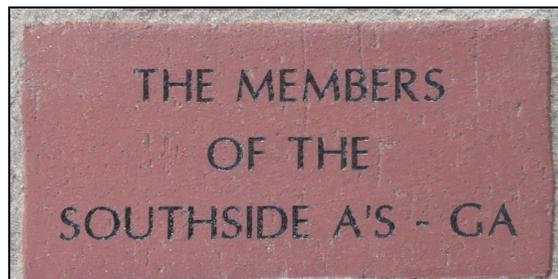

Don't forget to send the check and form to our new address:

The Southside Spy

(Editor's Note: We are happy to announce the return of the Southside Spy Network, which has been engaged in deep-cover activities for some time, with the results being this current report. As before, factual information is always sought, however, misstatements, distortions and outright fabrications will also be strongly considered).

After a tireless and long investigation we are able to report on the targeted subject, one who was formerly an esteemed member of our club...now, we're not so sure.

Having simply walked out of his court-ordered Sensitivity Training several months ago, the Spy has learned that our unnamed subject was finally apprehended. The outcome was not without its moments of drama; this man, identified only with his initials, B.S., in order to spare his family any embarrassment, made a desperate escape attempt aboard what he claimed was a "Ford Model A midget concept car." Disaster was averted when, confused about his whereabouts once reaching the end of the driveway, the subject returned to his point of departure.

We are happy to report that Mr. B.S. is responding well to his continued treatment, although he is still unable to accept that his "concept car" was actually an airplane tug. Perhaps he thought it was related to one of his many tractors.

Regardless, it is believed that he will be allowed to rejoin his activities with the club sometime this summer.
