December 14	Final prep for Lighted A's
December 16	Lighted A's on Parade!

2022 Upcoming Club Events

January 8	Twelfth Night Celebration - Frank's at the old Mill, 4 PM.
February 19-20	Valentine's Luncheon. LaGrange Mardi Gras parade participation, staying overnight.

Editor's Note:

The holidays are upon us and we want to enjoy all the beauty and significance of the season. We hope to add to the festivities by sharing our A's, lighted up in their holiday best, for a parade to several assisted living and nursing facilities in the Fayetteville/Peachtree City areas. Plan to attend this event that promises to be a treat for all. See details on page 4.

And a Merry Christmas to all!

Thoughts from Our Director

Greetings to all,

Is your family like mine? It seems that the feast we share on Thanksgiving day opens the door to the Christmas season and the non-stop celebrating.

To gather as family and friends was something we had all taken for granted until COVID, now we realize what a privilege it is! That being said, take advantage of all the wonderful programs available from the churches, theaters and civic organizations to celebrate the birth of our Savior Christ Jesus.

Thursday, December 16, is an opportunity for us to bring joy to residents of some of the area nursing homes and assisted living facilities. Decorate your car in lights and join our “A’s on Parade”. See details elsewhere in the Newsletter.

My two-year tenure as Director is coming to a close and I want to say “thank you” to the board. They are a great group of people to work with and truly have the desire to serve in such a way that our club will continue to thrive. Time and effort goes into each activity and tour we enjoy as old car enthusiasts and the members of the board make that possible. So again, to the board, I say “thank you”.

Wishing you and yours a Merry Christmas and a Happy New Year.

Let’s keep our A’s rolling,

–Jackie

Lighted A's on Parade December 16th

Terry Atkins' beautifully lighted A!

Come join us in our first **Lighted A's on Parade** on December 16th beginning at 5:15PM, and we'll spread some Christmas cheer to those seniors unable to be with their families for the Season. We will drive through five assisted living homes with our Model A's decorated for Christmas with lights glowing. Here's our plans for the event, a short tour and dinner.

At the end of this email are some links for purchasing "fairy lights," lighted wreaths, attachments, etc. We recommend you get an early start for decorating your A; it may take a little time to fine tune what works for you.

We will meet to complete the decorating of our cars on December 14th at 1:00PM at the Glenloch Recreation Center at [601 Stevens Entry, Peachtree City](#). We will meet in the parking area adjacent to the Recreation Center building. Decorating our cars early will give us a chance to test them out for a couple days before the big event!

On Thursday evening at **5:15PM** we will rally at the Starbuck's on 54 Hwy East in the Publix shopping plaza. A drivers meeting will take place at **5:35PM**. We will leave sharply at **5:45PM** as our parade needs to begin on time to make certain we are not late to each of the facilities that will be expecting us to show up. I can tell you that they are all very excited to know we are coming and many are planning to have friends and families there that evening.

Here are the facilities we will be driving through in order of appearance.

1. Oaks at Fayetteville
[1294 Hwy 54 West](#)
Fayetteville
2. Hope Center Memory Care
[355 Brandywine Blvd](#)
Fayetteville
3. Heritage of Peachtree
[1967 Highway 54 W](#)
Peachtree City
4. Ashley Glen
[441 Prime Point](#)
Peachtree City
5. Arbor Terrace Peachtree City
[201 Crosstown Drive](#)
Peachtree City

The total tour should take about 35 to 40 minutes depending on the number of cars we have. For those wishing to join, following our last stop at Arbor Terrace we will continue down Crosstown to the Crosstown Grill for dinner. Come on out and make some Christmas cheer, have some fun and enjoy the Season of giving. Decorate your car for the entire Christmas Season and show it off! **SEE NEXT PAGE FOR USEFUL LINKS!**

ANNUAL MEETING RESULTS

Our Annual Meeting took place on Saturday, November 6, at Crosstown Grill in Peachtree City. We had a nice turnout, and the buffet lunch was delicious.

The main order of business was, of course, to elect the new Board for 2022. Nominating Committee Chair, Dick Carne, described the search to fill positions, emphasizing the terrific pay and flexible office hours. The team was able to persuade return performances from Treasurer Cheryl Simpson, Secretary/Recording Secretary Kathy Kelly-Huey, Newsletter Editor Gwyneth Shotwell, and Member-at-Large Terry Atkins. Jim Hunter graciously stepped into the Director's role, and Tony Martino will serve for the first time as Vice-Director/Vice-President. Jackie Peterson becomes Past Director/President.

As her last official act, Jackie opened the floor to nominations, and receiving none, put the slate to a vote. The "ayes" were unanimous.

Here is our Board for 2022. Thanks to everyone who will serve to continue the wonderful activities and camaraderie of our fabulous Model A Club!

BOARD OF DIRECTORS -2022:

Director/President: Jim Hunter

Vice-Director/Vice-President: Tony Martino

Treasurer: Cheryl Simpson

Secretary/Recording Secretary: Kathy Kelly-Huey

Newsletter: Gwyneth Shotwell

Past Director/President: Jackie Peterson

Member-at-Large: Terry Atkins

DUES ARE DUE! (past due on January 15)

Please send your check, made out to “Southside A’s” to:

Cheryl Simpson
8735 Watkins Rd.
Chattahoochee Hills, GA 30268

Dues are ONLY \$15 for the year.

*If any of your personal info has changed, please include with your check.

**Make sure your MARC dues are renewed, too.

MARC DUES INCREASE, 2022

As a result of ever-decreasing membership, along with inflation, the MARC Board of Directors made the difficult decision to make a modest increase of \$5.00 for a total of \$50 beginning in 2022 for New and Renewal Memberships.

The form at the end of the Newsletter reflects this change.

IN MEMORIAM:

SUSIE PAPE

Marshall Pape's beloved wife, Susie, passed away October 17, 2021. Please remember Susie and the whole Pape family in your prayers.

Marshall and Susie were very important to the formation of our original club, and we will feature that history in our next Newsletter.

MAFFI - December 2021

Thanks to each and every member of your club for your continued support of the Model A Ford Foundation Inc. and the Model A Museum on the campus of the Gilmore Car Museum. In the past, you have supported the fund raising to build this beautiful museum honoring our beloved Model A's.

We ask you to consider a donation to MAFFI of any amount you can afford to support the on-going needs of keeping this facility in top notch condition. Each donation will help provide new and interesting displays and, of course, help pay the bills. You may designate your gift to either the Museum Fund that will help pay the costs of operations and new exhibits or the Museum Endowment Fund.

The Museum Endowment Fund was established so that the interest in our investments will cover our yearly operating cost ensuring the museum's viability for generations to come. The museum was built solely through your gifts and continues to operate through your financial support. We appreciate all that you do for us and the Model A hobby and look forward to you visiting us at your museum.

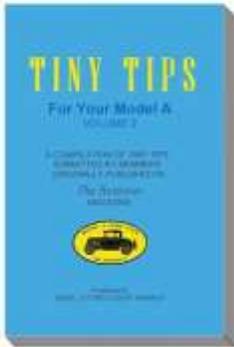

Stay Safe! Happy Holidays!

The Forgotten Accessory

By Sherry Winkinhofer, Northwest Missouri Model A Ford Club

"From its place as simply a useful accessory, the decorative pin has become a most important detail of dress. It still performs the old function of enhancing the beauty of the person and adding distinction and dignity, but today it does more than that. The jeweled pin or bracelet, appropriately worn, forms the last in the perfection of the completed costume." -1928 Baird-North Jewelry catalog.

When we think of Model A era jewelry, what comes to mind? Necklaces are usually at the top of the list, closely followed by earrings and bracelets. But how often do you think about wearing a brooch or pin? The jewelry catalogs of the time have pages and pages devoted to pins of all types. The materials range from platinum and diamonds to paste and pot metal. There are cameos, mosaics, gemstones, pearls, and even coral and jade.

So why such a dearth in visibility? One of the reasons we tend to overlook this jewelry is its size. Pins and brooches are relatively small and do not show up well in pictures. I didn't realize this fact until I started researching the subject and quickly noticed how hard it was to find pictures with these details. With a lot of searching, I was able to round up a few pictures of ladies wearing pins for this article. Most of these are from advertisements or movie magazines.

The Tech Corner

Jim's Technical Tip

by Jim Cannon,

Ignition Cam Screws

I have helped a few Model A owners with an unusual problem: For no reason at all, their distributor goes "out of time". They lose power and have to limp home. They reset the timing and the car runs great again, but after a while the same thing happens and they limp home. Gremlins? No.

The problem is that the ignition cam screw may not hold the cam down tightly to the distributor shaft. After a bit of driving, the cam rotates into a more and more "retarded" position and the engine loses power.

In spite of getting out a big screw driver and tightening the screw as much as possible, the cam still moves on them. Why is this? The SCREW that they are using is too long for the hole that is drilled and tapped in the top of the distributor shaft.

Some reproduction screws are just too long. Or the hole in the reproduction distributor shaft is too shallow. Or both! Whatever the case, the screw bottoms out in the hole and jams up tight before the cam is properly locked down on the shaft. So the cam moves.

The simple fix is to add a washer under the head of the cam screw. Now the cam will get locked down well before the screw bottoms out in the hole. You also want to inspect the underside of the cam; it should have ridges that help lock it down on the shaft. Once the screw is tight, put the rotor on the cam and gently try to turn it on the distributor shaft. It should not move.

If you or a friend encounters this problem with the engine going out of time, I hope my little Tip does the trick for you.
