Editor's Note:

Well, our weather has been typically a-typical, with ups and downs of the thermometer...and Covid concerns are hanging around, also in an up-and-down manner. But we will rise above it all and forge ahead! Check out the wonderful schedule for the year that was developed earlier in January, by a dedicated group. Cheers to them!

Be sure, also, to see information on our two-fer Valentine's Day activity - Luncheon and Parade. The organizers have been working hard to bring several elements together, so take advantage and lend your presence to a fun day, and night.

Thoughts from Our Director

Welcome to cold weather! We had our first snow of the year in January. How many of you had your Model A out in the snow? Well, I was not one of them. I sat at home in front of a warm fire watching movies all day. Hope everyone stayed safe and warm!

With cold weather coming in for the next few months, it's a great time to get those repairs and maintenance done. Take some time and get your "A" ready for the road. Make sure you mark your calendar for our March 5th Tech Session. Spring and warm driving weather will be here before you know it.

Unfortunately, due to scheduling and Covid concerns, we had to cancel the "12th Night of Christmas" this year. Hopefully Covid will not force us to cancel any other upcoming events.

On January 15th we held our planning meeting. A big thank you to Charlie Biggs, Dave and Fran Birch, Dick Carne, Mark and Marilyn Corley, Jim and Ann Hunter, Tom Romine, and Steven Vied for participating in the meeting. A special thanks to Dick Carne for putting this meeting together. The group planned out monthly activities for the entire year. The schedule was developed to include tours that new/old members who are not quite confrontable in driving your car could enjoy. Look for the schedule in this newsletter. As always, we could really use help in planning/organizing some of these tours. If you are able to help in any way, please contact Dick Carne or myself. It would be greatly appreciated!

Remember that if you haven't paid your 2022 dues, they are past due. If you are one of the few that have forgotten, please mail your \$15.00 check ASAP to Cheryl Simpson.

Looking forward to seeing you this month on our February tour to the Nutwood Winery and Mardi Gras Parade in LaGrange!

~Jim Hunter

MAFFI Newsletter Minute

Happy New Year from the Model A Ford Foundation. We have busy doing tasks around the museum so it will be ready for Model A Day 2022. Members of local clubs did some troubleshooting on electrical issues on the Gibby Station Wagon. At the end of the day the lights and horn all worked. John Marshall and crew have been working on the Paddy Wagon that will be added to the Museum collection later this year. The Museum should receive a large collection of unique Model A parts from the Steve Ryan collection in the Spring. These parts may be included the Model A Day Swap Meet. The Museum was offered the Gordon Buehrig Re-Creation Model A as a donation. The car is on display at NATMUS. Another possible donation of a 1929 Fordor Blindback is in process.

Details on Model A Day 2022 at the Museum will be coming soon. Thank you for your continued support of the Model A Ford Foundation through your membership and your donations.

Thank you,

Trailer Incidents

I have a car hauler trailer that comes in handy for some events far from home. I keep it in a storage yard away from the house.

There was an "incident" in the storage yard a few months ago and no one on the scene had any contact information to call me about it. I learned about it several weeks after the fact.

After that happened, I made up a weatherproof sticker with my phone number and name on it and attached it to the trailer. After doing this, I have been thinking that this information would also be helpful any time I park the trailer somewhere while we are off driving the Model A at an event.

This might help you avoid a big hassle with your trailer. (We can hope.)

Have a Model A Day! Jim

MARC MILEAGE PROGRAM

I know that the report will show a low number because of the current climate, so every mile counts.

FASHION FINDS...

This month we feature another “Looking One’s Best in....,” a wonderful series by Jill Barrett of the Santa Clara Valley Model A Club in California. We enjoyed her series for 1930, and we step back a bit this time with her take on 1928. As before, I will present one page at a time for her 3-page article . Please enjoy!

Looking One’s Loveliest in 1928 *A Pictorial Summary of Model ‘A’ Fashions*

By Jill Barrett, Santa Clara Valley Chapter, California

It was in 1928 that Henry Ford’s River Rouge Complex in Dearborn Michigan, an auto plant begun in 1917, was completed as the largest factory in the world. In 1928 the United States were still consumed by Prohibition and the Roaring 20’s. Fats Domino, Lefty Frizzell, Maya Angelou, Rosemary Clooney, Elias James Corey, Dick York, Bob Crane, Jimmy Dean, Dick Van Patton, and Ralph Waite are some that have one thing in common. Only one was an American chemist Nobel Prize laureate but they all were born in 1928. And on that note, 1928 was the first year of our Model A era.

Anne Rittenhouse, fashion contributor for McCall’s Magazine, wrote in 1928, “Not a knee was to be seen.” She also wrote, there was a new trend of practicality. Every woman could wear the same dress at home, to work and to then to the store. One costume for the day was sufficient. Another trend for women’s fashion in 1928 was the open season for all fabrics between two Januarys. Cedar chests were now used for interior furnishings.

In 1928, waistlines were right at the widest part of hipline. New belts livened up old frocks. Designers used simple straight lines. The hem line was straight with flares and pleats that allowed the skirt to open with the movement of a woman’s knee brought on by new dance demands.

A vivacious evening and afternoon tea dress was preferred to a sedate one. A wider variety of colors were accepted. Women’s clothes were now referred to as romantic and acquiescently Victorian similar to the feminine gowns in the late 1880’s when Queen Victoria lived. There were no plain surfaces on a dress in 1928. Dresses had ruffles, full skirts, a flare below the knee and uneven hemlines. In 1928 there were flounces, jabots, pleating, decorative girdles, odd seams, flying scarfs, floating sleeves, raglan shoulders, and hip yokes that were features to attract attention and prove change from the last season.
