Editor's Note:

We had a very active June, and you can read about the various outings and activities in this issue.

We also have upcoming events, such as our annual Moonlight Tour that takes place in August; plans are also in the works for another one of Tom Romine's great Tech Meets. He's really exceeded himself this year! Thank you, Tom.

Then we're excited about the upcoming Rabun Gap Mountain tour over Labor Day Weekend...wow, time is going by! Check out the information within, and plan to make your hotel reservations by the end of July, and let the Shotwells know of your intentions to join the tour.

Notes from Our Director

I just came back from the MARC national tour in Branson, Missouri. Gerald Gizzard of the Central Alabama Club drove with me. We met Tom and Betty Miller there to join in the sessions. It was well attended with over 600 attendees and nearly 300 cars. Top of the list concern is to get more younger owners and improve youth participation in the hobby. While we all have our families as a source for encouraging participation, we need to do more to improve this key element in the future of the hobby. The sessions were all informative and there were a lot of activities for the individual Model A enthusiasts. If you never attended one of these meetings, you're missing out on some fun times. Next year MARC National Meet will be held in Dearborn, Michigan and it is likely to be one of the best meetings in several years. Make plans to go, whether you drive your car, trailer or simply go modern, you won't be disappointed with this national tour.

Our peak touring season is underway and we recently had a mystery tour to Barnesville and surrounding area. It was a fun outing for all and we have more mystery tours planned in the future. Cheryl and Bob Simpson will be hosting our next Moonlight tour in August, look for information on this. In September Mike and Gwyneth Shotwell will head up a tour to Rabun Gap, Georgia. Don't miss our ice cream nights every Thursday, to catch up on what's happening with the cars and fellow club members.

Finally, a key component for our club is the technical sessions that Tom Romine has been holding on a quarterly basis. Last meet he led a very informative session on alignment. Look for other interesting topics and feel free to contact Tom on including areas where you think a technical session is needed.

All in all, we have a great club and based on the increase in membership, it appears we are doing things that attract those interested in driving the cars and learning how to maintain them.

Have a great Summer and come on out and drive your car.

See you soon down the road,

~Jim

RABUN GAP MOUNTAIN TOUR

LABOR DAY WEEKEND, Aug. 31-Sept. 3, 2018

Dillard, GA

Rabun Gap Nacoochee School

12 Spies Winery

Mark your calendars! You won't want to miss this tour to the North Georgia mountains with visits to the historic Rabun Gap Nacoochee School; the first-rate antique car restoration shop of Mickey Justice, whose family has lived in the area for over 150 years; enjoy a fish fry dinner at Andy's Trout Farms; time for antiquing; wine tasting and lunch...and more. Enjoy the mild mountain air and picturesque views as we learn about this lovely area of our state, with the added personal perspective of the Justice family.

Our **host hotel** is the **GATEWAY INN** in Dillard, GA. We have a block of rooms under "Model A Tour," at an average nightly rate of \$80/plus tax. **The block is open until July 31.** Cancellation policy for this **holiday weekend**: You may cancel without charge through August 24. After that there will be a charge of one night. **Phone: 706-746-3585.** Trailer parking is available nearby, if needed.

PLEASE RSVP TO THE SHOTWELLS so we will have an idea of numbers. This will help us **fine-tune our activities.** Contact the Shotwells: gwynshot@aol.com, or call 805-890-5195.

ICE CREAM NIGHTS!

THURSDAYS AT CULVERS, NEWNAN

7:00 PM, earlier if you'd like
dinner....delish!

Annual Social at the Besch's

The annual social at the Besch's home in Peachtree City on June 2nd was well attended with about 15 Model A's and their drivers and passengers.

After dropping off their contributions at the homestead, Teri led a tour to the main fire house in Peachtree City. The firemen reportedly enjoyed seeing the cars as much as the spectators enjoyed learning some intriguing things about the workings of the fire house. This station is the site of a full-size house that can (and has been) set ablaze for training young firemen critical life-saving and fire-fighting skills.

A couple of Southside A members got to try their hand at using a fire extinguisher. Check out Tommy Davis's technique.

After the tour everyone repaired to the picnic site, which actually was indoors as a result of one of the pesky rainstorms we've been having. But there was room to spare, plenty of good eats, and the club's signature camaraderie. As they say, a good time was had by all.

SENOIA MEMORIAL DAY PARADE MONDAY, MAY 28, 2018

Well, the Memorial Day Parade in Senolia is a “Rain or Shine” event, and here’s proof that they are true to their word.

Our intrepid leader, Jim Wingo, was the only Southside A member to brave the forecast of bad weather and represent the rest of us!

The photo pretty much speaks for itself in telling the story of the day. Jim did tell me that the turnout of spectators was actually quite good, and his beautiful Roadster was undoubtedly very much enjoyed by all.

ANNUAL MOONLIGHT TOUR

August 11, 2018

This year's Moonlight Tour will take us to lovely Warm Springs, GA, to the famous Bulloch House. This is their "new" location after the building around the corner was destroyed by fire. The current setting is beautiful and welcoming, with the delicious buffet we've enjoyed in the past.

Cheryl and Bob Simpson will be our hosts. Watch for complete information coming to your email IN box in the next couple of weeks.

Monthly Member Photos: This month we begin a new feature that will showcase our wonderful members and their cars! (And don't worry if you don't own a Model A . . . we'll feature you as well)

Mike & Gwyneth with Edsel Ford II in Marquette, MI, with the A-400

Mike & Gwyneth Shotwell:

Like many of the guys we've met in the Model A hobby, Mike bought his first Model A when he was 15 years old. He paid \$50 for it. He and his older brother decided to find out what made it tick, took out the engine, and left it on the driveway where it proceeded to get rained on that night. Further inexperience ensued, and Mike finally sold the car to a junk yard a couple of years later for \$5...a sum he was happy to get!

Fast forward to 2009 and our happy coincidence of running into members of the club gathered at a church on Hwy. 29.

They told us about the Southside A's, invited us to a Friday night dinner, and thus began our enduring enjoyment of this hobby.

We jumped in with both feet and have not looked back. We have gotten so much out of our being in the club, with the friends we've made, the tours, the ice cream (!) and everything else. One of my favorite things is to be on a tour on the backroads and to see a line of these charming cars, all different body styles and colors, and it just makes me smile.

BUILD A DISTRIBUTOR WORKSTAND

In the process of rebuilding several Model A distributors, I have developed a workstand which has proven to be very helpful. The distributor casting (with the upper shaft in place or removed) can be mounted at a convenient work height and be held securely without the use of a bench vise. The stand consists of an upright portion (3" square) with a 1" hole drilled vertically to a depth of approximately 4". A second and smaller hole is drilled in the top of the upright to accept the index pin on the casting. When in place on the stand, the distributor is held securely and will not turn during restoration. A base is secured with a wood screw and glue as well as two supports for additional strength. The whole project can be constructed of scrap wood, a few screws and wood glue in less than an hour. It may not revolutionize the hobby, but it does make this job a lot more convenient and protects that metal casting!

FASHION FINDS...

From Rags to a Winner

By Sharon Johnson, MAFCA Era Fashions Committee
Published on MAFCA website, March 2014

When I started into the Fashion area of the Model A Club I had no idea what I was doing. This was back in 1972.

There was a lady that came to all the swap meets and we became friends. She asked me if I would like to come to her house in Long Beach and see some of the items she had for sale. Of course, I said yes right away. A few weeks later, I pulled up to her little house and rang the doorbell. She opened the door and I could see behind her that there were boxes upon boxes of “stuff” as she called it. I looked and looked and just couldn’t find the right thing.

I was walking by a laundry basket and asked her if I could look it in. She said, “Sure but you won’t find anything in there.” I pulled out the most exquisite dress I had ever seen. It was cream lace with accents of pale green. I asked her how much and she said, “Oh I don’t know, how about \$5.00?” As luck would have it, I found silver and pale green shoes, pale green crocheted gloves, cream silk stockings, a pale green cloche hat, a silver fox fur and green glass necklace. I think the whole outfit cost around \$75.

I won First Place and Best of Show with the outfit. It just goes to prove that you should look through everything if you ever get the chance, because you’ll never know what you may find.

FRONT END ALIGNMENT – MAY TECH MEET – TOM ROMINE’S GARAGE

Eleven gentlemen took part in the May Tech Meet. We had donuts and coffee to start the meet. Then we discussed the three portions of alignment... camber, which needs to be done with the front axle on a work bench.

Then caster, which will be done when the axle is reinstalled on the car. This is the forward slanting of the axle and wheels, which is adjusted by the height of the wish bone against the bottom of the flywheel housing.

And finally, toe-in, which is the angle the tires are toed-in as we go down the road. We discussed four ways to adjust this toe-in. We worked on and used my 'Vickie' as a demo.

We ended the session with hot dogs and all the fixin's, while spending some time talking Model A's.

Attending: Johnnie Hobbs, Dick Carne, Jim Wingo, Terry Atkins, Frank Benford, Pat Tyler, Jim Hunter, TJ Romine, Bill Patterson (my buddy), Steve Anderson (new member who's become a regular at Culvers), and yours truly.

Peachtree City

Meeting called to order by Jim Wingo. Previous minutes accepted.

Board members present: Jim Wingo, Cheryl Simpson, Pat Tyler, Gwyneth Shotwell, Kathy Kelly Huey, Tom Romine.

Treasurer's Report by Cheryl Simpson – See box below.

Newsletter Editor: Gwyneth Shotwell said that when submitting articles to please include clip art as an attachment.

To ensure proper coordination and flow of information, whoever is planning tours needs to send their own emails and info for RSVP's. Board members can provide the password for the online excel spreadsheet used for easy emails and uploads.

Technical Chair –Tom Romine suggested sending a questionnaire to the club to generate topics of interest; perhaps online survey. Jim Wingo has someone in mind to create and handle that.

The idea of a video library/resource lending library was discussed; will be continued.

Tours:

Oct. 5-7 tour with GA Region to Perry, GA. Kathy Kelly Huey will liaise with Mark Corley on the drive from PTC to Juliette, then to Perry.

Possible November Directors' Tour.

December 7th Christmas Tour of Homes in Newnan, GA.

Reservations for Annual Meeting on Nov. 17th will be made by G. Shotwell at Frank's at the Old Mill; will also make reservation for January 5th for 12th Night luncheon at same location.

New Business: Community outreach to our youth was discussed. Kathy Kelly Huey will check with the ice cream location to see if we can somehow partner to create more awareness of the club on the social nights.

Note: Jim Wingo presented Gwyneth Shotwell with the MARC 2017 Award of Highest Achievement for the Newsletter. A plaque and letter of award were presented.

No June meeting.

Next meeting – Tuesday, July 10th, 12 Noon, at Partner's Braelinn in Peachtree City.

MAD MAY MYSTERY TOUR!

Another Mystery Tour is in the books, and what a fun day it was! Four Model A's and two modern vehicles gathered at Flash Foods in Senoia, having no idea where our sneaky tour leaders, Jim Wingo and Dick Carne, were going to take us.

Soon, all was revealed, as we headed down the road, through the Georgia beautiful back roads that we so cherish, to our first stop: the Garden Patch buffet restaurant in Barnesville.

We were given the admonition to abstain from the dessert section, as there was a planned stop at a location that promised MULTIPLE homemade sweet treats. Well...a few in our group (who shall remain unnamed) failed to heed that warning, being far too tempted by cobbler and ice cream to resist.

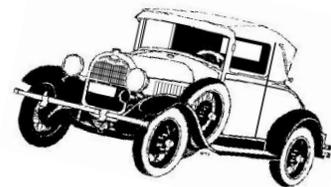

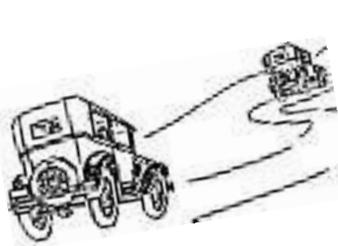

Luckily we still had some wonderful driving ahead of us, traversing roads that were undoubtedly unfamiliar to several of us. Our next destination was a notable covered bridge south of Thomaston, alongside a tranquil stream and surrounded by green, green grass. It was the perfect setting for....some car repairs! We witnessed the familiar huddle converge under the hood of Dick's phaeton. While discussions of "Chickens of Shame" swirling, the problem was eventually solved so that we could head on to our final locale.

The tiny town of Molena is the home of the Wild Daisy Farm Bed & Breakfast, which is the only hotel in that county. The owner told us she is always busy, and her vivacious personality has to

be some of the reason why. Oh, and those desserts! With buffet sweets now a distant memory, everyone did their best to choose amongst cobblers, pies, warm brownies and more. This charming venue is worth a weekend stop in Molena. And with appetites more than satisfied, we thanked our guides and toured back to our respective homes. Don't miss out on the next mystery tour....whenever that is.

Model A Day September 14-15, 2018

It will probably never happen again! Five Model A Ford Town Car/Town Car Deliveries all located together at one place at the same time. Model A Ford lovers will be able to see the cars on display in the Model A Museum over the Model A Day weekend of September 14-15, 2018. The collection includes the following models:

- 1928 Town Car which is the only one known to exist (prototype)
- 1929 Town Car which is one of 18
- 1930 Town Car which is one of two known to exist
- 1930 Town Car Delivery which is the only one known to exist
- 1931 Town Car Delivery which is one of six known to exist

The cars are all owned by Tim Kelly who has been collecting and restoring them for many years. They have not been shown before due to the recent restoration of two of the cars and might not be shown together for while or ever publicly. That is why this is a once in a lifetime opportunity.

Space will be cleared in the museum for the cars to be shown together, so they can be seen and photographed individually and as a group. The cars bridge the four years of Model A production from 1928 to 1931. Plans are underway to make this year's Model A Day one of the best yet!

Also on display will be:

- Model A #1 (Edison's car)
- Model A Taxi
- Model A Postal Vehicle
- Model A Fire Engine
- Two Model A Convertible Sedans (A400)
- Rare 1931 wide-bed Roadster Pickup
- Right hand drive De Luxe Phaeton

We plan, as one of the seminars, to have a presentation on the Edstrom collection, Tim Kelly's Town Cars and Don Bevin's Model A. We are in the process of up fitting a 1930 AA Stake Bed Truck to allow for visitor rides. This unique and free opportunity to ride in the back of a AA will be available for Model A Day. And don't forget the swap meet!

Visit maffi.org, click on "Info" and then "Model A Day" for full information, schedule, hotels, etc.
