## Notes from Our Director

We had a really good turnout for our Valentine's Day tour to Woodbury. If you missed it, you missed a leisurely drive, great fellowship and some nice picture taking. The good news is we're just beginning. We have some exciting tours planned for the Spring and Summer months. The week we have a tour to .....well, you just have to come out to our first mystery tour. Look for details in this newsletter. We're also going to be starting our evenings out for ice cream Thursday's. I'll be sending out information soon on our meeting place and time. For those interesting in joining our friends in Alabama, they have planned a visit to Barber Motorsport starting March 15th. On March 22nd, we'll venture over to the Georgia coast and visit Savannah and the historic Henry Ford town of Richmond Hills. April we'll attend an Easter Parade in Avondale Estates. You get the point, we're just getting started and I think we'll have our best touring season ever.

As I mentioned last month, make sure your car is ready to go. If you need help just reach out and we can get you going. We want to have a safe and pleasant touring season. So, get your luggage ready and let's go!

See you real soon, I hope on the road,

-Jim

### **MYSTERY TOUR! Saturday, March 3.**

**MEET:** Sam's Club, Sharpsburg

9:30 am; depart 9:45

**RSVP:** So we know you're part of the caravan –  
Gwyneth: [gwynshot@aol.com](mailto:gwynshot@aol.com)

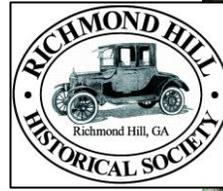

### **Editor's Note:**

As Jim says above, we've got lots of fun touring coming up, starting with our first "Mystery Tour." Details in the box next door.

You'll see info on other goings-on in the following pages, along with recaps of the Valentine's Day Tour, and the first Tech Meet of the year; thanks to Cub Reporter, Bob Simpson, for giving us the details.

Be sure to take note of national events, and related info from MAFFI, MARC and MAFCA.

## Beautiful Savannah and Historic Richmond Hill in March! Arrival Thursday, March 22, departure Sunday, March 25.

**UPDATE** and some **DETAILS:** **March 22nd** will be a travel day for all those going. Naturally, we will have two groups. Those that trailer their cars to the hotel should make arrangements to be at the hotel by mid-afternoon for check-in. There is plenty of room at the hotel for the expected number of trailers.

### **FOR THOSE DRIVING MODEL A's:**

**MEET:** 8:30 AM, and **prompt departure at 9:00am.** **Flash Food Gas Station**, 8075 Wells St, Senoia, GA 30276, **at the corner of State 85 and 16 in Senoia at 8:30 am** for a Everyone should have used the facilities and topped off their gas tanks prior to leaving at 9. Here is the address for Flash Foods:

**NOTE:** We will not gas up again for 132 miles, so make certain that your car is full before leaving the Flash Foods.

Detailed driving instructions will be given out at our start point. We will pick up additional participants at Monticello, Ga. just off Hwy 16, about 1 hour after we leave Senoia. There will be no gas at this location and we do not intend to stop long. Those needing to take a quick bathroom break should do it here.

We will have about six cars from this point. We need to try and stay together, but leave enough distance between cars for sudden or unexpected stops. I will lead and will maintain a speed of about 45 - 50 mph.

**THURS. EVENING:** We don't have a formal sit down dinner on Thursday evening but there are a number of chain restaurants in the area. There is a Cracker Barrel next door to the hotel ... the shortest walk to a place to eat.

**FRIDAY:** A day in Savannah. Dinner at Pirate's House.

**SATURDAY:** **Richmond Hill/Henry Ford Museum**, followed by **Fort McAllister State Park**. Dinner at Love's Seafood Restaurant (non-seafood menu items, too).

**SUNDAY:** **Return home.**

### **HOTEL:**

Quality Inn I95 Savannah  
17007 Abercorn St, Savannah, GA 31419  
(912) 925-1212

King room/non-smoking is an average \$80/night +tax. **RESERVE BY MARCH 1!** Reference "Old Car Club" or "Wingo" for the group rate.

**IMPORTANT NOTE:** Be sure to email your car's tag number to Gwyneth by March 20! Must have for Savannah parking privileges. [gwynshot@aol.com](mailto:gwynshot@aol.com).

# VALENTINE'S DAY TOUR

Saturday, February 17, 2018

Ah, yet another enjoyable tour with friends, food, scenery and Model A's! Jim Wingo put together a nice outing in honor of Valentine's Day, leading us from Senoia to the small town of Woodbury to have lunch at the charming Black Bird Café. Several people met us at the restaurant, including guests and prospective new members, Mark and Pat Gamble from Pine Mountain. They were accompanied by their daughter and son-in-law. Afterwards we spent some time visiting the local antique stores.

Our return journey took us to the town of Concord, where we had a great photo op in front of a '30's-style mural for Diamond Brand Peaches.

Thanks to Jim for heading up the fun day.

**Participants:** Jim Wingo & daughter, Anne Marie; Mike & Gwyneth Shotwell; Dick Carne & Pam Rader; Bob & Cheryl Simpson, Tom & Liz Romine with their daughter and son-in-law; Fred & Kathy Huey; Jack & Drena Miller, Terry & Niva Atkins, David & Dianne Gerken and Dianne's sister, Kryste Taylor; Pam Tyler.

## Highlights of February Board Mtg.

Feb. 9, 2018, Partners Pizza, Braelin Village

Meeting called to order by Jim Wingo. Previous minutes accepted.

**New Business:** Jim Wingo approached vendors to advertise in the newsletter. They will provide gift certificates to use as door prizes at future club events. Jim will forward vendor information and certificates to Gwyneth for the newsletter and Cheryl as treasurer.

Suggestion made that Dick Carne schedule a planning meeting for tours June – December 2018.

The meeting probably should occur the beginning of April.

Mike Shotwell suggested we make a monetary donation to support high schools or technical schools having automotive classes for car restoration. Pasadena High in California is doing this. A decision was made to have a sub-committee research schools teaching restoration; perhaps there is a local institution we could support.

**Vice-President:** Pat Tyler reported that mileage check list is almost complete. Due by Feb. 28.

**Next meeting:** March 14, 2018, 12 noon. Partners Pizza, Braelin Village, Peachtree City.

## MODEL A STEERING MYSTERY SOLVED!

Southside A's Tech Meet - Reported by Bob Simpson

Seventeen members of the Southside A's met at Technical Director Tom Romine's shop on Saturday morning February 10<sup>th</sup> to learn about the Model A steering system. Coffee and donuts started things off and we got to talk and visit a little while before getting down to business.

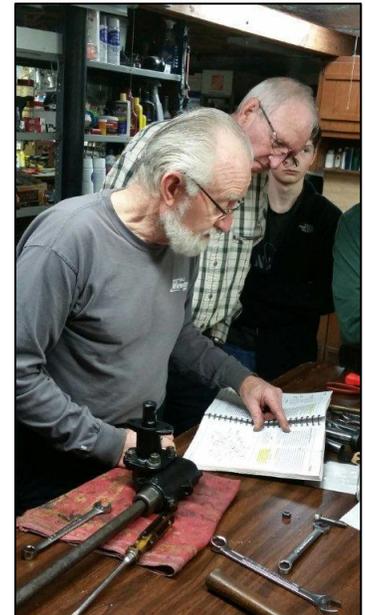

Gathering strength for the seminar.

Instructor Mr. Romine

The Model A steering system can be intimidating. Many Model A's are driven around with excessive play in the wheel, stiff or binding steering and other issues. Most of us are hesitant to tear into the steering gear assembly to replace worn parts. Also, attempts to make adjustments to the steering system can damage parts and make things worse if not done properly. Over the years, many systems have either not been lubricated at all or grease has been used instead of the proper oil.

Tom Romine guided us through a complete rebuild of a 2 tooth steering gear and all steering column components. Dick Carne provided the worn out steering column and gear. He also wrote the check for the replacement parts! The group enjoyed seeing and participating in the work. If you need to give your steering some attention, our vendors can supply all the parts needed to repair or rebuild it. There are kits available for a complete rebuild or separate components can be obtained if just certain parts are bad and need to be replaced.

When the seminar was over we enjoyed a great lunch of Chili Dogs, chips, slaw and some delicious baked goods. Thank you Liz Romine! After lunch Director Jim Wingo went over tour destinations, activities and dates for this year. He asked the group to pass along ideas for future Technical Seminars to Tom Romine and thanked him for the great job he is doing.

**Attendees :** Tom Romine, Bob Simpson, Charlie Biggs, Jim Wingo, Pat Tyler, Don Pelham, Johnnie Hobbs, Luke Hobbs, Phil Meyers, Ray Besch, Terry Atkins, Steve Searock, Bill Patterson, Jason Carne, Dick Carne and Frank Benford.

**Monthly Member Photos:** This month we begin a new feature that will showcase our wonderful members and their cars! (And don't worry if you don't own a Model A . . . we'll feature you as well)

**What a stylish trunk for a stylish car.**

**Jack and Drena Miller:** This month we feature Jack and Drena Miller, longtime vintage car aficionados. Here they are with their lovely 1931 A-400.

Jack tells us that he drove a 1931 standard Model A Coupe throughout high school and college, a car that he paid all of \$45 for, and it even came with a rebuilt engine. To earn money over that time Jack actually bought and sold Model A's, with some 75 of them passing through his hands; he can certainly tell us all a thing or two about these wonderful cars. In fact, that original "A" is still in the family, being driven by Jack's grandson who has driven it enough to have replaced tires twice. He lives in Florida and will be married in a few months time.

I asked Drena what she likes best about being involved in the hobby and she promptly said, "All of it." Asked which tour she's enjoyed the most she replied, "Every one; I was born to tour. And you can quote me on that!" True to her word, she and Jack have toured extensively with all their cars, from their A-400, to brass cars, a 1921 Rolls Royce Silver Ghost and their classy 1930 Duesenberg.

These two have embraced the car hobby with gusto and their enthusiasm is contagious.

## FUEL SHUT-OFF VALVE

Reprinted from *MAFCA On the Road*

Submitted by Dexter L. Blethen, Longview, Texas

Easy removal or installation of Model A fuel shutoff valve from Model A gas tanks can be accomplished by procuring a 5/8 x 14 thread nut (NF) and hand tighten it on the outlet of the valve. This gives a surface to use a wrench without damaging the threads.

A quick, easy way to install a flywheel starter ring instead of using a torch is as follows: CAUTION: Do this outdoors and it works just as well in a barbeque pit or stand. Place the ring on the cardboard carton it came in or a pile of cardboard. In the center of the ring pour some charcoal lighter fluid or some flammable solvent and ignite it. Be ready, when the box is just ashes and hot coals, remove the ring with pliers and sit it on the flywheel. Another word of caution - make sure you have the ring facing the correct direction. It usually falls all the way on for me.

## MAFFI News

### You asked and we listened!

As many of you know we have a suggestion box at the Model A Museum. For the last few years we have gotten several requests for more interactive displays. At Model A Day 2017 we introduced, "How to Start a Model A". It has become very popular for young and old alike, for those who remember when, for those who have no idea and everyone in between. Thanks to Joe Hornacek and Ken Ehrenhofer for making this happen.

Please pencil in the 2018 Model A Day on September 15<sup>th</sup> in your calendar and make your plans now to attend. You won't be sorry!

We also added a PayPal button to our webpage which makes it much easier to order merchandise, pay for MAFFI Membership and order memorial bricks. If you haven't visited our website, <http://www.maffi.org/index.htm> recently, you may not know about this feature.

# BARBER & TALLADEGA RACE TRACK ADVENTURE

MARCH 15-17

You are invited to attend the Central Alabama Model "A" Ford club's Race Track Adventure March 15- 17 2018. The meeting will be filled with a lot of activities of fun & excitement including kicking tires with fellow club members from around the south, dinner in a great Model "A" Ford Museum, visiting the Barber Motorsports recently expanded museum and the opportunity to put your Model "A" Ford on the Motorsports track for several laps.

For attendees who have never visited the Talladega Speedway an early bird option will be offered, a bus tour of the Talladega Speedway and a visit to the International Motor Sports Hall of Fame museum.

**THURSDAY March 15, 2018 (EARLY BIRD OPTION)** Arrival and check in at the motel Visit local antique stores looking for those great finds you just cannot do without. Prepare Friday morning visit to the Talladega Super Speedway tour. The speedway track is 2.66 miles long with 33 degree bank turns, seats 175,000 people and cost \$4 million dollars to build. The museum tour is a walking self-guided tour that takes approximately an hour to complete the three exhibit halls. A 12 seat bus leaves every 20 minutes for a tour of the track.

**FRIDAY March 16, 2018** Early bird option members depart for the Talladega Super Speedway. Other tour attendee's arrival and check in at the motel. ### Pasadena High School Model A Ford Club

Says their Project Car  
is Ready for a New Home!

By Wilbert Smith Ph.D.  
Photography by  
Brian Smith and Wilbert Smith

The Pasadena High School Model A Ford Club (PHSMAC) has begun its second academic year and membership in MAFCA. "We've learned a lot and the first year restoration car is ready to be owned by a lucky family," says tenth grade club president Alex Ruiz.

PHSMAC's first year restoration project car is complete, a 1928 Model A Ford Phaeton, a car that will turn heads at every corner. The car's new coat of Duchess Blue and Niagara Dark Blue paint contrast beautifully against its ebony black fenders, and Tacoma Cream wheels.

As one of the first high school Model A car clubs anywhere in the nation, students in grades 9-12 have experienced hands-on restoration experience in preparation of some day owning their own Model A. "Before I joined the club, I had never used any type of tool," says club member Kiera Smith.

#### We Still Need Your Help

Our school district, like many others, is not in a financial position to provide support for our club, and we must therefore rely solely upon your tax-deductible donations as our only means of support.

To date, our Model A club is not meeting our fundraising goal, however, we believe there are many who believe in us and what we've achieved thus far. Students, both boys and girls alike want to see this club thrive and become a model for all to see. Your support is vital to our survival.

Please donate \$100 or more to our club, and as our way of saying thank you, receive an entry into our drawing to win our restored project car. Only 500 tickets will be sold, greatly increasing your odds of winning.
