Editor's Notes:

We are now in the heart of our touring season and we're looking forward to so many upcoming events. Look for all the info in this edition. And be sure to read about our last wonderful outing, the Southern Trilogy Tour.

It is with humble pleasure that I share with the club the news of the Newsletter receiving, for 2015, the MARC Award of Highest Achievement. We received a plaque and written recognition just recently, and feel proud to have been so honored.

Thanks also go to those of you who have contributed articles, photos, and support! Your help is ALWAYS appreciated.

Notes from Our Director

I think we can safely say that the worst of the cold weather is behind us and we can officially welcome in the 2016 touring season. There were a lot of interesting things going on around town during the Month of April. Car shows, events, and cruise-ins have sprung up like the weeds in my lawn.

Speaking of interesting events, on April 15 – 17th, the Atlanta Motor Speedway held its annual MOTORAMA. Many of you may have had the opportunity to go out and enjoy the event but in case you missed it, one of our own made some headlines. Drena Miller set a new AMS record for the oldest car to complete a lap on the 1.54 mile track. To read more about this, visit the AMS website at: atlantamotorspeedway.com and look under the news link. They have their news articles sorted by date so look beside 04/15/16 to find the link to the article. Congrats to Drena and Jack Miller for participating in the event and giving the public a chance to see one of their rare automobiles.

I am writing this prior to our club outing to Roswell to visit three historic homes on Saturday, April 23rd. By the time you read this, our event will have already taken place and I am sure that it will be a great day. Thank you Dick for setting this tour up and I am sure that Gwyneth will have a recap of the event in this issue of the newsletter.

About the newsletter, it has been brought to my attention that our club's newsletter has once again received an award. This time, the 2015 newsletter received the "Award of Highest Achievement" from MARC. Congratulations to Gwyneth Shotwell for doing such an outstanding job with our publication. I have said it before, but it is worth repeating, the newsletter is the lifeblood of the club. It is also the most difficult club related job that there is. I know, because I have been in her shoes. Next time you see her, please congratulate Gwyneth and thank her for everything she does to make our club great!

Southern Trilogy Tour

By Gwyneth Shotwell

The breadth and depth of history that surrounds us in our wonderful state continues to impress me. We were all given a wonderful reminder of this on our recent Southern Trilogy Tour on Saturday, April 23. Thanks to arrangements coordinated by Dick Carne, six Model A's caravanned from the Peachtree City area through what was reported to be one of the prettiest tours of late. (Having driven modern that day, I didn't get to enjoy it firsthand!)

Barrington Hall and rear garden.

Everyone arrived at our first stop, Barrington Hall, the home of Roswell King and his family, and the founder of the "Colony" that would later take his name of Roswell. Having first come to the area from Darien, Conn., to manage banking interests at the time gold was discovered in Georgia, King discovered the lovely area we were standing on. He thought it would be a good locale for a textile mill, and he also simply fell in love with the area.

He proceeded to invite several of his wealthy friends to join him in creating this new town, as well as investing in his textile company. Two of those families were the Bullochs and Smiths. Another family name associated with this venture was Dunwoody, a name that is familiar to us today.

Bulloch Hall, a short distance from Barrington, was the home of one Mittie Bulloch, who would become well known in the history of the country. Her wedding took place in her home, and the bridegroom was named Theodore Roosevelt, or "Thee" as he was known. This couple would raise a family that included a son, Teddy Roosevelt. One of Teddy's brothers, Elliott, became the father of Eleanor Roosevelt, future first lady to FDR. Quite a distinguished lineage to come out of Georgia.

We lunched on the square in Roswell, at the Public House, which occupies a building of the same vintage as the Halls, and served as the company store for the mill owned and run by the Kings. We were treated to the history of the building by the manager, who shared a tragic love story from the Civil War era that has given rise to stories of the star-crossed lovers still "occupying" the premises.

Cars under stately southern trees at Bulloch Hall.

Most of our group....

The third home in this grouping is the Archibald Smith Plantation, which is nestled among stately trees just adjacent to the Roswell City Hall. Although we were unable to have an official tour due to time constraints, several of us strolled the grounds while others of us enjoyed a nice visit sitting in the rocking chairs on the sumptuous front porch.

The day was beautiful, the pace leisurely, with wonderful company...just what a "Southern" outing should look like.

Participants: Dick Carne & Pam Rader; Jason & Tina Carne; Tom & Liz Romine; Ray Besch & friend, David Rubel; Betty & Joe Fegundes with Betty's sister & brother-in-law; Tom & Betty Miller; Mike & Gwyneth Shotwell; Jim & Kim Wingo; Pat Tyler.

Outside Bulloch Hall.

Featured Photo of the Month: (As with 2015, we will be featuring photos that glorify the Model A in all its varied styles, and enhanced by beautiful or intriguing settings. Keep track of your favorites throughout the year and we will once again take a tally and announce the winner for "Miss 2016.")

MAY

Model A Day & 50th Anniversary of the Gilmore Car Museum, Sept. 16-17

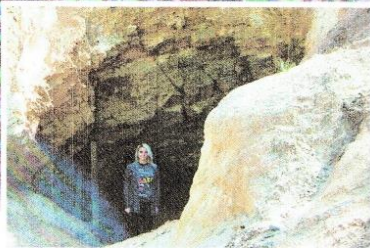

2016 is the **50 year Anniversary of the Gilmore Car Museum**. To honor this achievement Gilmore is planning a few extra events. These can be viewed at: www.gilmorecarmuseum.org. One thing that is evident in a Museum lasting for 50 years is that new exhibits and different things to learn are necessary to keep people coming back. Also, having active volunteers working to keep the Museum fresh is essential. With the Model A Museum being a partner to this fantastic Museum we also are tasked to stay fresh and interesting for the thousands of visitors each year.

Our Model A Day event in September is our main event and is growing, with great seminars and also a very nice Swap Meet. During the year we hold work days at the Museum to change out exhibits and maintain and clean the building and displays. Gary Johnson's S/W Cabriolet and Roy Frost's HF II Sportsman which allowed us to put Bob Anderson's Cabriolet and the Jennings/Evergreen Fordor on display. We have in the works a couple of other new displays to have finished by the next Model A Day. Please plan to make a trip to see your Model A Museum and everything else Gilmore has to see. Also, volunteer to help continue to make this Museum the best Model A Museum in the country. For future Museum work days, contact Jerry Morrissey: jertrudy@sbcglobal.net .

Pine Mountain
GOLD MUSEUM
Villa Rica, GA

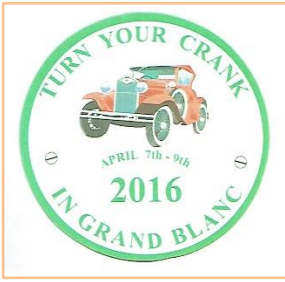

Let's get out in this pretty spring weather and have some fun!
We'll enjoy a beautiful drive to Villa Rica, Georgia where we will
see the first gold mine in Georgia, their wonderful museum, ride
the train around the mountain, pan for some gold
and have a picnic BBQ lunch under the pavilion.
Bring \$10 per person for everything including your lunch!

Please R.S.V.P by May 17th so we
will know how many folks are
attending for the lunch caterer.

The 2016 MARC Membership Meet

Betty and I decided to attend the meet. Those of you who know us well know that we will attend just about anything where there are antique cars in general or Model A Fords in particular. The meet in Grand Blanc was of particular interest to us since we had lived just north of Grand Blanc in the early eighties.

OK, so it was Michigan in April. In Georgia, we mow the lawn and prepare for summer but in Michigan it is still very much winter. They are still shoveling snow. It did snow every day. Not just a little, but on the last day enough for a good sleigh ride if you are crazy enough to go outside when it snows. In Georgia we have enough sense to stay inside until the snow has passed. It's safer. We had a great time despite the weather. The hospitality of the area is legendary and this meet just reinforced that. The hospitality suite was the best of any meet we have ever attended. Of the many times that we each entered, we were greeted and offered a snack or refreshment. One side of the suite was dedicated to a row of tables with homemade cookies and other confections of all varieties and flavors. On the opposing wall was an assortment of meats, cheeses, crackers and both sides of the room were constantly replenished. Coffee and tea along with bottled water. As an aside, Grand Blanc water is safe to drink. They do not have the water woes experienced by those remaining residents of Flint.

Betty attended the fashion seminars and the fashion swap meet. She usually takes in the fashion events at the many meets that we attend. She got a very attractive (and period) dress at the fashion swap meet. I mention it in those terms since experience and observation at other events has led me to believe that "attractive" and "period correct" are sometimes mutually exclusive terms.

Betty's wonderful, original, new purchase.

I attended the seminar on lamps and also wheels and tires. You can always learn something at these seminars. The people who do seminars at these events are incredibly knowledgeable. As an example, I have seen a painted pinstripe on the tire of fine point cars. I thought this was a decoration, a way of personalizing the car as many of us do. I didn't realize that these stripes were on the tires as a way of properly fitting the tire to the rim. If the distance of the stripe to the rim is uniform, then the tire will be properly fitted.

Busts of David Buick & Louis Chevrolet by Joe

I signed up for at the bronzing and engraving seminar although at the time I had no idea what I was going to experience since it didn't seem to me that there was much bronzing or engraving on a Model A. When I got to the seminar my suspicion was confirmed. The seminar was run by Joe Rundell, one of the top engravers in the world. Joe is a member of the Script A's. After art school, Joe secured a job as machine repairman on the Buick assembly line and worked for Buick for 30

years, all the while practicing his artistic trade as an engraver. After retirement and still a fairly young man, Joe continued. He has also completed full size bronze sculptures of historic automobile icons such as Louis Chevrolet and William Durant. As an engraver, he has done everything from coins to firearms. A few years ago Joe engraved a gun for auction at the Sierra Club. He contacted the owner and had the gun on display at the seminar. It is valued at over \$300,000!

You never know what you will see at these events. It's all good if it has to do with Model A's. See for yourself! Hope to see you down the road.

Example of Rundell's engraving skill.

Memorial Day Annual Parade in Senoia, May 30, 2106

Once again the Southside A's will participate in the Memorial Day Parade in Senoia. This is always a fun event, and we'll plan to also include our post-parade run to Bruster's in Peachtree City for a post parade ice cream. We will be placed near the front, so be sure to arrive in a timely manner. There are a few changes to note below:

THE PARADE "CHECK IN" LOCATION HAS BEEN CHANGED. YOU WILL ENTER OFF HWY 16 TO PYLANT ST. AT THE LIBRARY/LAKE. LOOK FOR A PATROL CAR. WE WILL HAVE VOLUNTEERS THAT WILL GIVE YOU A NUMBER AND YOU WILL PROCEED TO THAT PRE-MARKED SPACE.

PARADE CHECK IN TIME 11:00-1:30. IF YOU ARE LATE CHECKING IN, YOU WILL BE PLACED AT THE END OF THE PARADE. **THE PARADE STARTS AT 2:00**

THE POST PARADE ROUTE HAS BEEN CHANGED! THE PARADE WILL PROCEED UP MAIN STREET TURN **RIGHT** ON JOHNSON ST. **RIGHT** ON BRIDGE ST. **RIGHT** ON TRAVIS ST. POLICE OFFICERS WILL DIRECT VEHICLES, FLOATS ETC. TO DOUBLE STACK ON BRIDGE & TRAVIS STREETS FOR CONTROLLED EXIT ONTO BROAD ST. FOR SAFETY REASONS, PLEASE DO NOT STOP YOUR VEHICLE/FLOAT AT ANYTIME TO LET PEOPLE OFF!! THROWING CANDY OR OTHER ITEMS FROM THE FLOATS/VEHICLES IS NOT ALLOWED. YOU MAY HAVE PEOPLE WALKING AND HANDING OUT THOSE ITEMS.

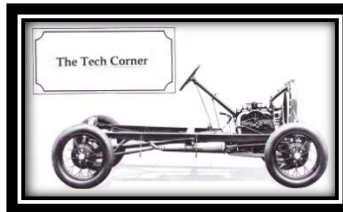

Hope to see you there!

Back in the 1800's the Tate's Watch Company of Massachusetts wanted to produce other products, and since they already made the cases for watches, they began using their equipment to produce compasses. But their compasses were so bad that people often ended up in Canada or Mexico rather than California. This, of course, is the origin of the expression -- "He who has a Tate's is lost!"

The Tech Corner

Hi-tech Parking Garage from the days of yore...

While this is not strictly “tech-related” in terms of our Model A’s, it is certainly of the era, and we thought our readers would get a kick out of it.

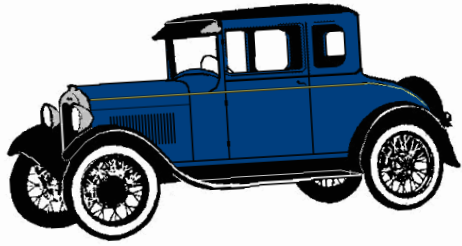

This fabulous photo, entitled the Chicago “Vertical Automatic” parking lot, Chicago Loop, was posted under “Auto Photos 1921-1942”, of Everyday Science and Mechanics. Click the link below to go to TheOldMotor.com and see a film of the garage in action. The website is full of fascinating old car information and photos.

<http://theoldmotor.com/?p=94935>

As an aside, the photo and website were sent to me by my father and step-mother, and my father recounted how Los Angeles in the early 1950’s had a similar parking garage. The family business relocated to LA at that time and my dad, his brother-in-law and father all rented spaces in the innovative garage. Years later, after the business had exited the area, they went looking for the garage only to find it had disappeared.

Southside A's picnic & Tour

On Saturday, June 4th, Teri and Ray Besch will host what used to be an annual event at their home in Peachtree City. This is intended to be a membership Social, as in years past; an opportunity to bring someone that may have an interest in Model A's and would like to check us out before joining.

A short and enjoyable driving tour is planned for the morning. The AM tour will be to Falcon Field in PTC. We will tour the Commemorative AF hanger. They have a small museum and Teri will be making a donation of some WWII items salvaged from the home of her uncle after his death last year.

We'll be returning to the Besch's for lunch. Everyone is asked to furnish a dish to share. The club will supply Grilled Hot Dogs, Hamburgers and drinks.

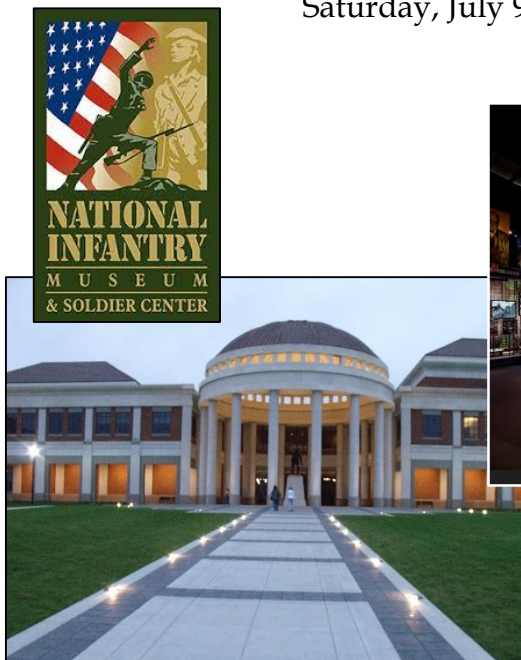

RSVPs are appreciated so that we will know how many people to plan for. For directions, questions & to RSVP call: 770 487-9215 (Home) 678 478-4136 (Ray's Cell) or email: besch105@comcast.net
