## Notes from Our Director

I hope each of you had a wonderful Easter holiday, the weather for most of the month was terrific. I hope you got your car out for some of the tours available in April. For a few of us, it was jam packed beginning with a tour hosted by the Southeastern Touring Group to Natchez Trace. Following that some of our members joined the Georgia Region for a tour of LaGrange and surrounding area. Finishing off the end of April we had twelve cars traveling the roads of Chattanooga.

In May we are kicking off our weekly ice cream socials in Newnan starting this week. So come on out and enjoy these fun get-togethers. We'll have at least one mystery tour with the first being held this Saturday, the "Cheese Ball" run. Tom and Liz Romine will host another technical meeting on rebuilding rear backing plates. A few of us are headed to West Virginia for the MARC National tour the end of the month. We'll finish off the month of May, remembering the fallen at the Senoia Memorial Day parade.

In June, we'll kick off our month at Ray and Teri Besch's home for our annual social on June 1st. Bring your favorite dish, drive your Model A and bring a friend that could be interested in joining our club.

We're just getting started on an exciting touring season, so come on out and enjoy your car.

See you down the road!

-Jim

Bring you're A and we'll see you there!

## Chattanooga Directors' Tour re-cap

Our Spring Directors' Tour is in the record book, and it was a great success. We had close to 30 people, including 12 Model A's. The weather cooperated nicely, and our time together was terrific.

by another five. The group was rounded out once we reached our hotel, and a happy band we were. Our hotel turned out to be perfectly suited to accommodate trailers, special parking for the A's, and an inviting gathering area for visiting, breakfast, etc.

But I'm getting ahead of myself....

**Chickamauga Battlefield Visitor's Center**

We stopped in the town of Chickamauga for a pizza lunch at Pie Slingers, before heading on to the Chickamauga and Chattanooga National Military Park. Driving towards the Visitor's Center you pass monuments on both sides of the road, and even into the woods, marking the various fighting units that took part in the battle of Chickamauga in September, 1863. We saw an informative film, multiple displays, and had the opportunity to drive through many of the locations of the battle; a sobering exercise, to be sure. One could easily spend half a day to more fully take in the vastness of the event.

Arriving at the hotel we were met by more of our fellow tourers, got checked in and freshened up before driving down along the Tennessee River to enjoy dinner at The Boathouse Restaurant. It was located in an area we would pass several times as we explored the city.

Friday was a free day, and everyone took in various sites, which often involved ice cream and other delicacies, followed by a turn on the beautiful carousel.

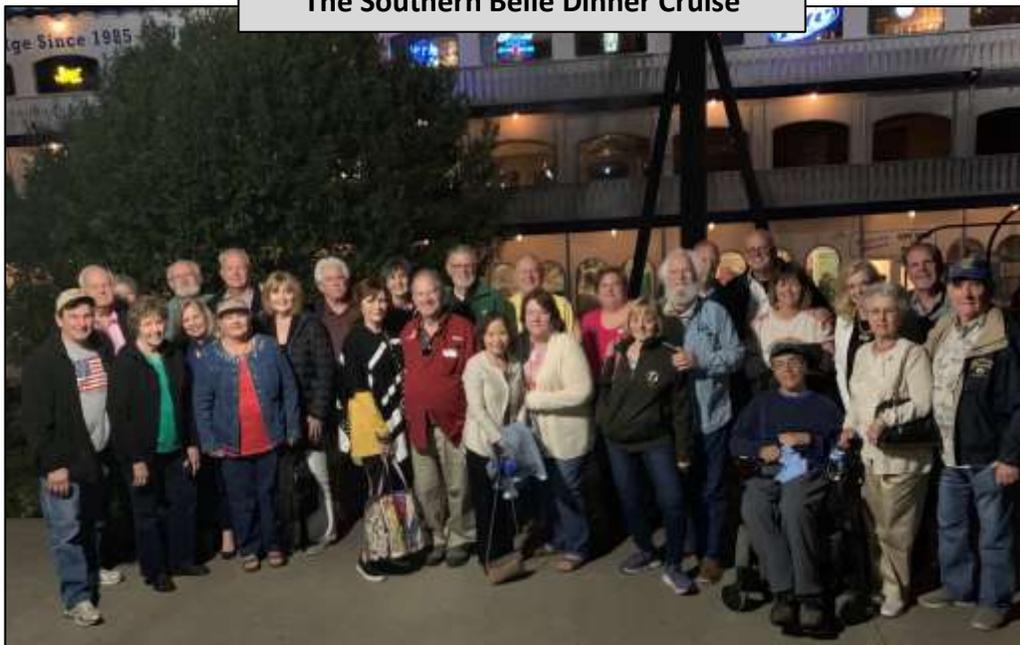

**Carousels, ice cream, friends and sunshine!**

This was the prelude to our evening cruise on the Southern Belle, as we floated down the river as far as the Chickamauga Dam and back. The buffet dinner was very nice, as were all the folks working on the boat to give us a delightful evening. The musical duo handling guitar, keyboard, harmonica and vocals were very accomplished and kept us well entertained the whole evening. We even had some impressive singing along (and lip syncing) to old favorites. With a tour to the other decks, watching the river flow by with the wind in our hair, and the chance to hang out in the pilot's cabin, it was a relaxing and cheery evening.

**The Southern Belle Dinner Cruise**

Saturday we were off to Ducktown (the name is a translation of the Cherokee word “kawana”), the site of copper mining from the mid-1800s until 1987. Located near the Ocoee River, we stopped along the way to look at one leg of the rapids, which was also the site of the kayaking competition of the 1996 Atlanta Olympics.

One of the results of the mining operation was the denuding of all trees and other vegetation from a large area of the hills; several of the people in our group had vivid memories of driving through this area as youngsters and being awed by the moonscape atmosphere. Thankfully, reforestation efforts have taken hold and the hills are green once again.

**Ocoee River Rapids**

**Pat Neely, ready for smelting at the copper mine.**

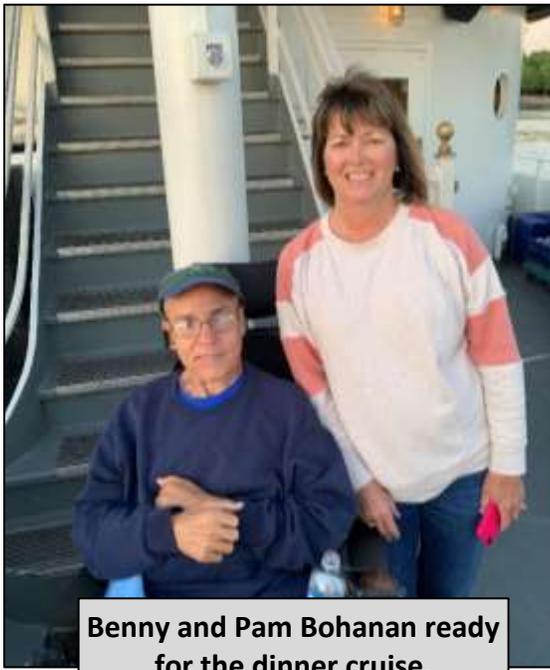

**The Tylers straddling the state lines in Coppertown.**

Our routes were perfectly orchestrated by Jim Wingo, with assistance from Ray Besch, and the widespread use of walkie-talkies kept us all together; they were also helpful in alerting certain drivers of forgotten turn signals...both the Smiths and Shotwells have immediate plans to install beepers to go along with their turn signals!

**Ray Besch helping to change tire #1 with Mike Shotwell.**

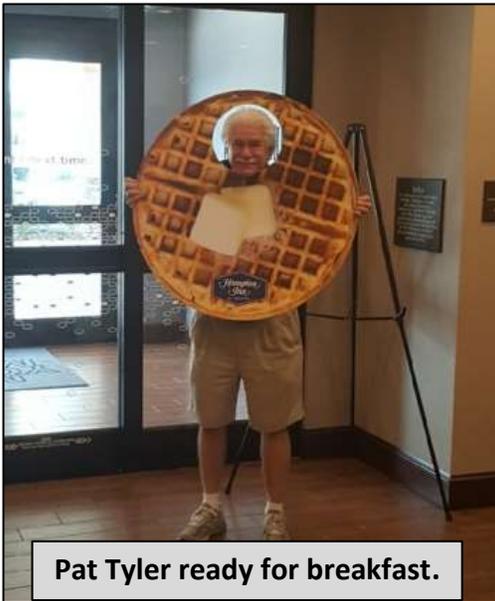

All the Model A’s performed well, with a couple of minor exceptions, resulting in the multiple passing of the infamous “Chicken,” which will be awarded at the next opportunity (as it was residing on the Wingo Roadster back in Peachtree City). Dick Carne required a touch of mechanical work, the Shotwells needed a balding tire replaced with a spare, and the Millers picked up a wayward nail shortly after starting the drive home. As usual, there was no lack of experts to lend a hand, tools, and guidance.

**Benny and Pam Bohanan ready for the dinner cruise.**

We were so tickled to be joined by Benny & Pam Bohanan, both of them looking in fine fettle, as well as others from their neck of the woods. We enjoyed meeting Joe and Pat Neely, also from the Georgia Region of MARC, and spending time with Chuck & Regina Johnson, John & Ruth Debroux, the Corleys, Mark & Marilyn, along with other Southside A-ers Jim & Kim Wingo, Tom & Betty Miller, Ray & Teri Besch, Mike & Gwyneth Shotwell, Terry & Niva Atkins, Pat & Pam Tyler, Dick & Pam Carne, Walt & Jenny Smith, and Tom & Liz Romine. What a fun group!

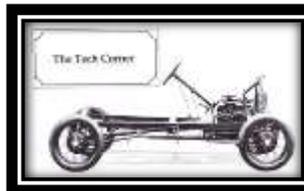

**Ray Besch helping to change tire #2 for Tom Miller, with supervision from Jim Wingo.**

**Pat Tyler ready for breakfast.**

**There's nothing prettier than a lineup of Model A's on Tour!**

### TINY TIPS

**H**

### HORN LUBRICATION

Lubricating their horn is one item that some people overlook. There are two felt pads at the armature area of your horn. Put two (2) drops of 3-1 type oil on each felt oiler pad about two times a year and this will help keep your horn working. **DO NOT OVER OIL.**

## MAFFI - April 2019

### What's new at the Museum?

The museum has recently been gifted with a very early - A-1276 - Light Delivery Model A by the family of Ron Rude from Quincy, CA. This is a very unique vehicle.

The May-June 2012 issue of the Model A News featured the Rude Early Delivery as part of the coverage of the MARC National Meet in San Diego.

The vehicle has very low mileage, has a number of very early features and will be a great addition for the Museum. Mr. Rude's son has also forwarded all the files and information that his father accumulated so we will have a complete history of the restoration and other details.

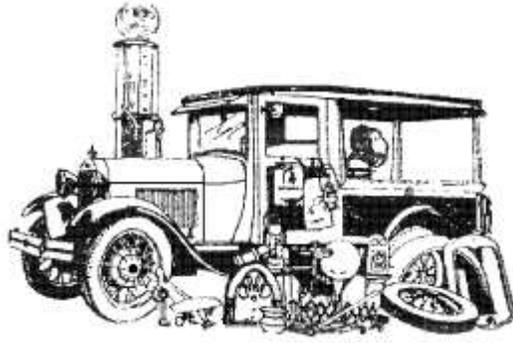

Make every effort to attend this year's **Model A Day on September 21<sup>st</sup>** to see this and many other "Unique & Original" cars that will be featured. For more information on Model A Day, contact:
