Thoughts from Our Director

Greetings to all,

The COVID-19 crisis has severely curtailed many of our planned “ole car” activities for the year. However, those of us who were able to participate in the “Dick And Jane” tour and the High Falls tour realized how truly blessed we were to be touring in any capacity during this strange summer.

Our many thanks go out to Dick and Pam Carne, with input from Mark and Marilyn Corley, for a job well done on the September “Dick and Jane” tour into northeast Georgia and western North Carolina. We were all so excited to be on the road and spending time together that the spirit of the group could not be dampened even with some rain and a few cars giving trouble.

International Model A Day brought with it perfect touring weather. Tom and Liz Romine put together a leisurely day’s drive on low traffic roads down to High Falls State Park. After enjoying the falls we made our way over to Buckner’s Restaurant for a delicious meal. Tom, not being able to pass up an ice cream opportunity, ended the day with a stop at the Griffin Dairy Queen.

Be sure to check the Newsletter for all the October club activities available to you.

Let’s keep our A’s rolling,

-Jackie

INTERNATIONAL MODEL A DAY!

The gang at High Falls.

Eugene & Riley Willingham.

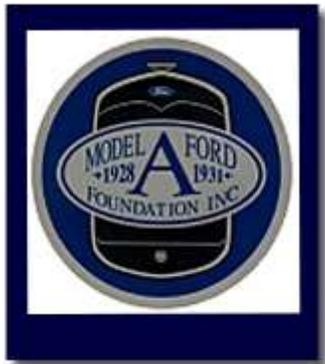

High Falls showing the effects of the recent storm.

As Jackie mentioned in her notes, we had perfect weather for our International Model A Day tour. And thanks to Tom and Liz Romine, we honored the day properly with a really wonderful drive through the countryside. We had nine Model A's, and as you can see in the photo above, the next generation was also represented. Eugene Willingham's grandson, Riley, did a great job behind the wheel of that lovely Roadster. (And I remember him a few years ago, as a youngster riding along in the Memorial Day Parade with his little brother. Time definitely doesn't stand still.)

Greg Marshall took his snappy Cabriolet out for its first lengthy drive and it ran beautifully. With the other participants we offered a terrific assortment of the cars we so enjoy and cherish:

The rest of the attendees: Larry & Jackie Peterson, Mike & Gwyneth Shotwell, Ray & Teri Besch, Jack & Drena Miller, Fred Huey and friend, Mitchell, Dick & Pam Carne

Important message from our friends at the Model A Ford Museum.

10th Annual Model A Day

AS ALL OF YOU KNOW BY NOW, 2020 HAS BEEN A VERY UNUSUAL YEAR AND IT HAS FORCED A REEVALUATION OF ALL OF OUR NORMAL ACTIVITIES. MOST OF THE MODEL A GET TOGETHERS FOR THE YEAR HAVE BEEN CANCELLED AND IT HAS LEFT A VOID IN OUR LIVES AS WE HAVE GOTTEN TO KNOW SUCH GREAT PEOPLE IN THE HOBBY. MODEL A DAY AT THE GILMORE WAS ALSO CANCELLED TO PROTECT THE HEALTH OF ALL MODEL A HOBBYISTS. OUR THEME FOR THIS YEARS EVENT WAS FIRST RESPONDERS WHICH IS VERY APPROPRIATE WITH WHAT IS HAPPENING RIGHT NOW AND THIS THEME WILL CARRY OVER TO NEXT YEARS EVENT.

EACH YEAR MODEL A DAY GENERATED ROUGHLY ONE THIRD OF THE MODEL A FORD FOUNDATION, INC.(MAFFI) OPERATING BUDGET WHICH INCLUDES OPERATING THE MODEL A MUSEUM AT GILMORE. WITH THE CANCELLATION OF MODEL A DAY WE HAVE A SHORTCOMING OF OPERATING INCOME FOR 2020. WE HAVE COME UP WITH A GOAL OF \$30,000 TO SATISFY THIS SHORTFALL.

WE THOUGHT IT WOULD BE BEST IF WE COULD COME UP WITH A WAY FOR ALL OF THE NATIONAL CLUB(MARC AND MAFCA) CHAPTERS TO PARTICIPATE AND IN DOING SO WOULD MAKE EACH CLUB'S OUTLAY REASONABLE. THERE ARE OVER 250 MAFCA CHAPTERS AND OVER 175 MARC CHAPTERS ALONG WITH SOME INTERNATIONAL CHAPTERS. IF THE GOAL WAS SET TO HAVE EACH CLUB PUT FORTH \$100 WE WOULD EASILY ACHIEVE THE GOAL. WE WOULD THEN COME UP WITH A NOBLE WAY OF RECOGNIZING THOSE CLUBS THAT HELPED TO GET US THROUGH THIS TOUGH TIME BEFORE NEXT YEAR'S EVENT.

THERE WILL BE MULTIPLE WAYS FOR CLUB'S TO PARTICIPATE. WE WILL HAVE IT SET UP ON OUR WEB PAGE ALONG WITH SENDING OUT EMAIL BLASTS TO ALL KNOWN CLUB CONTACTS. ADDITIONALLY, WE WILL TRY TO PROMOTE ON BOTH CLUB'S FACEBOOK PAGES AND IN THEIR NATIONAL MAGAZINES WITH A GOAL OF HAVING CONTRIBUTIONS SENT IN BY THE END OF THE YEAR. INDIVIDUALS ARE WELCOME TO PARTICIPATE IN THIS AS WELL IF THEY WISH.

Please make all checks payable to MAFFI

2020 *(not necessarily annual)* Fun with Dick and Jane Tour – Recap

By Gwyneth Shotwell

Well, this was one for the ages....

Pam Carne appropriately dubbed this year's Dick and Jane Tour "The 2020 Tour!" for reasons that will become clear.

We really couldn't have had a more beautiful set of environmental beauty than we encountered over the weekend of September 11-13, in the north Georgia Mountains. Tour participants came from four states, either trailering or making the drive north from Fayetteville in their Model A's, picking up others on the route.

From the hotel in Hiawassee, five A's headed over the mountains (some with more oomph than others...), but not before the Shotwells discovered their car key was nowhere in sight! Kudos to Ben Dyke, who suggested his Model A door key might work for our pop-out ignition. Voila and we were on our way.

We all converged on the delightful Cupboard Café, with friendly greetings all round, and a nice lunch as well. Then we headed up the mountain road towards Highlands and Franklin, for our first waterfall stop. But wait! Only part way up the curvy road the Romines had to pull over with car trouble. As the rest of us pulled into a nearby scenic stop, Tom determined the mechanical problem and made the call to be towed back to the hotel.

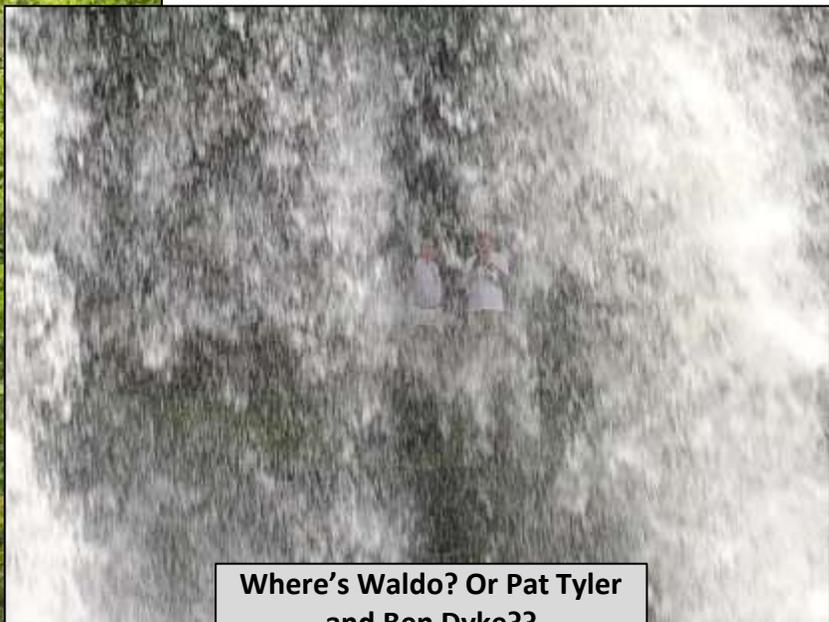

Not a bad view to enjoy while awaiting news on the Romines down the road. We're always there for support!

So, on to our first stop – Bridal Veil Falls, right off the road. We pulled off and were impressed with the force of water cascading over the cliffs above, coming down right next to us. The sound of rushing water was truly exhilarating.

Bridal Veil Falls

Driving further along the woody, windy road, we came to Dry Falls. The name, no doubt occasionally accurate, was a misnomer that afternoon. That rushing water sound was multiplied several times from this magnificent display of Nature's power. There was an elevated walkway from which you could look down into the gorge and see the falls, but for the up-close experience there were stairs and walkways down through the woods to the falls themselves. One of the major features is the ability to walk behind that rushing curtain of water; a thrilling experience. And the scene presented some fun and unusual photo opportunities:

**Where's Waldo? Or Pat Tyler and Ben Dyke??
Zoom in to get a glimpse.**

And here's Pat's view from behind the falls. That's Dick and Pam talking with Gwyneth.

“Crew” members tackling Larry Peterson’s wheel problem in Dry Falls parking lot.

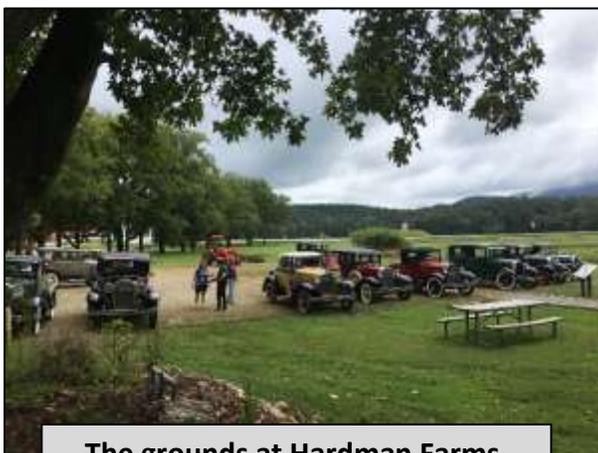

The parking lot had a couple of picnic tables that came in handy...for observing our next automotive event. The Petersons had an issue with one of their wheels, and several of our resident mechanics combined their expertise and muscle to fix a stubborn wheel bearing. The rest of us got to visit with other folks coming and going, with an assortment of dogs in tow. Meanwhile, a tune-up session was scheduled for the Shotwells at the hotel that evening, after engine struggles climbing all those scenic hills. (Is our “2020” theme emerging?)

Saturday dawned with cloudy skies and we enjoyed periods of rain now and then. But the touring was lovely, starting with a drive through the charming campus of Young Harris College that took us to a quaint park and the Cupid Falls. Then (after a push or two for starters) we made our way through the mountains to visit Dick’s Creek, located in Cleveland; an impressive waterfall feeding a wide creek amongst rugged forest.

Hardman Farms was our next venue, where we had lunch and toured the historic home on the grounds. The tree-lined path to the home is what remains of an 18th century road, the famous Unicoi Turnpike, once used by both Indian and European trappers to take their wares to the Savannah River and on to markets across the Atlantic. The home was built in 1870 and had three different occupants over the years, the last being Mr. Hardman and his family. Sinks with running water in each bedroom, early lighting with acetylene gas, and a cupola that allowed the escape of hot air in the summers, were a few of the “modern” conveniences introduced by the owners.

Shenanigans at Cupid Falls.

The grounds at Hardman Farms.

The last stop on Saturday was to Clarksville, Georgia, to see the Miles Through Time Auto Museum, which was also hosting a cruise-in, offering a variety of cars to enjoy, while also letting other guests admire our Model A’s.

Continued, next page.....

Plan to join us for a trip to **Southern Belle Farm** in McDonough on **October 17th**. We will have a scenic tour traveling the backroads.

This is **Heritage Day** at the Farm. They are excited that we are coming and want to display our cars along with a collection of antique farm equipment. We can take turns babysitting the cars so you may want to bring a folding chair.

They are giving us vouchers for lunch. No outside food is allowed. They have food available at Mimi's Kitchen and the Smokehouse. You can view the menus here: <https://www.southernbellefarm.com/wp-content/uploads/2020/09/SBF-Fall-Menu.pdf>

There is lots to do and see at the farm. There are a lot of activities for kids, so bring the grandkids.

****We will meet at Sam's Club in Sharpsburg at 9:30 for a 10:00 departure. Gather in the parking lot down by the gas pumps.**

Please R.S.V.P. by Wednesday, October 14th to: simp94@bellsouth.net

Hope you can join us!

The Tech Corner

Jim's Tech Tip by Jim Cannon

Bending the Radiator Overflow Tube Back

The Ford Service Bulletins of April, 1930 (page 450) advise that if you have excessive coolant loss though the radiator overflow tube, you can bend the tube back toward the back edge of the radiator filler neck. They also mention soldering in a brass washer where the tube passes through the baffle plate.

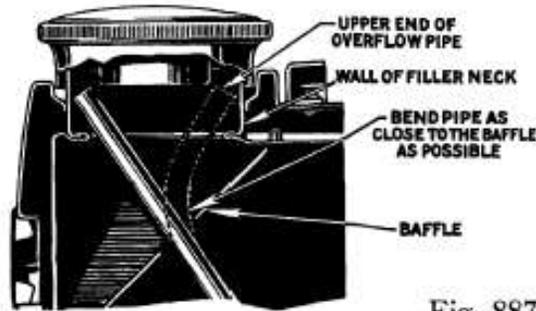

Fig. 887

To bend the tube, insert a larger Phillips screwdriver into the tube. You want the smooth shaft of the screwdriver to pretty much fill the tube, and don't have the tip of the screwdriver go below the baffle plate, about 2 to 3 inches. Then gently push the screwdriver back away from you a bit, remove the screwdriver a bit (~1/2"), then bend it some more. Repeat until the top of the tube is as far "back" as it will go.

If you need to, you can add a short piece of rubber tubing to the top of the overflow tube to raise the level in the top tank that much more before the coolant starts going out the overflow. But don't raise it too much or coolant will start leaking out of your radiator cap and make a mess on your paint and radiator shell.

I hope this helps. Have a Model A Day! Jim

2021 National Meet Date

We're happy to announce that the "new" date has been set for the postponed 2020 National Meet in Oshkosh. It will be held on June 7th to June 11th, 2021.

Even though the event will be in 2021, we will still be considering it the "Focus on 2020 in Oshkosh" meet. All merchandise i.e. hats, shirts, mugs, etc. will reflect the 2020 meet. The Nickle "A" Region and MARC have a lot of money invested in the 2020 meet. We trust the MARC membership will understand as to why this meet will not be referred as the 2021 meet. MARC members who ordered shirts, hats or mugs with their 2020 registration have been mailed their items. Hopefully they have shown them off at local regional meetings. To give all MARC members a chance to get reservations at the host hotel, we have set a reservation date with the Best Western. They will start taking reservations on August 20th, 2020 starting at NOON.

Their phone number is 920-230-1900 and be sure to mention MARC. The meet registration form will be in the January/February 2021 MARC News.

MARC your calendars with the dates, so you won't miss the...
